BELIEVE KONOYE WILL FORM A NEW JAPANESE CABINET

Prince Summoned To Conference With Emperor, After Cabinet Resigns

SEE HIS CONTINUATION

Country Faced With Choice of All-Out Axis Co-operation, or Cautious Policy

By Joseph Dymal

(I. N. S. Staff Correspondent)

TOKYO, July 17—(INS)—Prince Fumimaro Konoye, whose Japanese cabinet resigned yesterday to permit formation of a stronger government, was summoned to the Imperial Palace today to confer with Emperor Hirohito.

It was believed Konoye will form a new government.

The Domei (Japanese) News Agency said that Konoye went to the palace at 4:15 p. m. and called this an "indisputable indication he will continue at his job."

The political situation precipitated by yesterday's sudden cabinet resignation left Japan faced with the choice of all-out co-operation with the Axis powers and war against Russia or a continued policy of caution.

Emperor Hirohito rushed back to Tokyo from his summer palace to deal with the new crisis.

Meanwhile, for the time being at least, Foreign Minister Yosuke Matsukata, who was responsible for the tripartite pact with the Axis powers and the neutrality pact with Russia, was removed from the political scene.

Matsukata, who returned to Tokyo three months ago from a tour of Europe during which he signed the treaty with Russia, was ill at home but sent his resignation in writing to Konoye.

As Konoye, who remained acting Premier on orders of Emperor Hirohito, sought to settle the cabinet crisis, political and military leaders debated the course Japan should follow.

The chief alternatives open to Japan appeared as follows:

1—Full and immediate military association with Germany and Italy, which might mean a possible Japanese move against Vladivostok and Siberia.

2—Reconciliation with the United States and Britain, with a Japanese "hands off" policy toward the Russo-German and Anglo-German wars.

3—An independent, militant policy directed toward the south Pacific including renewed pressure for economic settlements with the Dutch East Indies and French Indo-China.

4—Complete neutrality toward the Axis, Russia, Britain and the United States and devotion of all Japan's energies upon efforts to end the war with China.

Nine Million Men Locked In Death Struggle

By International News Service

Berlin, July 17—Announcing the capture of strategic Smolensk on the road to Moscow, the German high command revealed today that nine million men are locked in a mighty death struggle on the eastern front today.

Chancellor Hitler's headquarters at the front stated that the titanic battle has reached a magnitude which "surpasses all historic precedent."

The war communique claimed that major successes are shaping up for the Germans.

Coincidentally with capture of Smolensk, military headquarters announced that the vital fortress of Polotsk had fallen, with thousands of prisoners and vast quantities of war materials taken.

A Soviet counter-attack in this area was repulsed with "enormous enemy casualties," it was said. The chief of staff of one Soviet division was reported among the prisoners.

Asserting that in addition to the capture of Smolensk, the last major barrier on the highway to Moscow, German forces also took Kishinev, capital of Bessarabia, on the southern front with the support of Romanian forces, it was announced.

German authorities stated that Smolensk is now the focal point for a broad push against Moscow down a front nearly 100 miles wide. The German Panzer units moving against the Soviet capital will undoubtedly follow the highway to Moscow, timing their approach to conform with the general staff's plan, authorities said.

TELLS OF FARMERS PART IN THIS MACHINE AGE

"Machinery Will Win War, But Healthy Men Are Required," Grange Told

MEETING AT CHALFONT

CHALFONT, July 17—"How can I, as a farmer, aid in national defense?" was the question used as a subject and well answered by Howard W. Detweiler, when he spoke to members of Chalfont Grange, this week.

The Grangers were informed that this is a machine age, and "Machinery will win the war." "But," added Mr. Detweiler, "healthy and well-fed men are required to manufacture the machine and to operate them."

It was pointed out by Mr. Detweiler that the farmer can give much aid in national defense by raising food for the men who are to manufacture and operate these machines of war.

Continuing, Mr. Detweiler said the farmer must keep his output attuned to the needs of the country. He should be an active member of a farm organization which will keep him posted on how and where he can help best in the national defense program. Farmers, he said, point with pride to the fact that agriculture is the one branch of national defense which is ahead of the needs of the government. Like the manufacturers and business executives, said Mr. Detweiler, the farmer should have a voice in government affairs.

In line with the national defense program, the home economics committee was designated to take charge of the collection of old aluminum among the members and their neighbors during the week of July 21st. The aluminum will then be turned over to the local Boy Scouts.

The annual picnic of the Grange will be held in Worthington's Grove, near Fountainville, on Monday evening, August 11th. This outing will take the place of the regular meeting. The committee on arrangements will continue on page five.

Many Bucks Women Serve In Home Defense Unit

DOYLESTOWN, July 17—The first meeting of the Women's Home Defense Unit under the Bucks County Council of Defense was held in the administration annex on Friday, with Mrs. Frank L. Magill, county chairman of this unit, presiding. Serving on this committee are the following: Mrs. Herbert Everhart, Point Pleasant, secretary; Mrs. Samuel Permar, Richboro, chairman of food and nutrition; Mrs. Paul Sine, Perkasie; Mrs. Redding Rufe, Chalfont; Mrs. Franklin Wallin, Bristol; Miss Ellen P. Ross, public relations committee; Mrs. Dorsey Richardson, Newtown; Mrs. Arthur Eastburn, Doylestown; Mrs. Ida Carter, New Hope; Mrs. Marie Holland, Bristol; Mrs. Alexander Fleisher, Churchville; Mrs. Floyd Rau, Springtown.

Mr. Thornton Lewis, vice-chairman Bucks County Council of Defense, opened the meeting with a short address, explaining the general idea of what has been accomplished and what is to be done—particularly stressing the importance of unity—the submerging of personal opinions, in order to get greater efficiency.

The Bucks County Council of Defense has asked the Women's Home Defense Unit to register the women of the county for the purpose of tabulating their interests and abilities, also to find out what classes are desired by women of the county to make them more efficient citizens in this time of national emergency. Members of the Women's Home Defense Unit who are working on the registration, are: Mrs. Paul Sine, Perkasie, for the upper end of Bucks county; Mrs. Redding Rufe, Chalfont, for the middle part of Bucks county; Mrs. Franklin Wallin, Bristol, for the lower end of Bucks county. A meeting has been called by these women of representative women from the entire county, on July 18th, at 2:30 p. m., at the Doylestown high school.

The volunteer registration of women will be held during the week of August 4th to 11th, each community having its own place of registration, this place to be announced later. Cards, where one can sign for training classes or for the trained person, will be available.

Here and There in Bucks County Towns

"La Shum," an estate of 86 acres located on both sides of the River Road, at Upper Black Eddy, has been sold by Edward E. LaShum to a client of a Philadelphia realty firm.

The estate includes a colonial stone mansion, servants' apartments, barns, henneries, 2600 feet frontage on the Delaware River, and the canal flows through the tract. The crops, farm equipment and furnishings were included in the sale, it is stated.

The sum of \$3,394.45 has been received in the drive for funds for the Doylestown Emergency Hospital, Mrs. George W. Kerr announces. This marks more than half of the amount received in the drive last year.

The canvass will end the middle of August.

The sessions of Simpson Grove Camp Meeting at Trevoise are being well attended this week. The director is the Rev. James H. Bailey, pastor of Trevoise Methodist Church.

Sessions each evening this week are attracting many people.

The speaker tonight will be the Rev. W. C. Skeath, Norristown, with music by Morrisville Methodist Church choir, and Rehoboth quartet of Philadelphia; Friday, the Rev. William Vernon Middleton, executive secretary of the Philadelphia Missionary and Church Extension Society.

Throughout the latter part of July and all of August services will be held at the camp every Sunday evening at 7:15 o'clock.

Guest preachers for those occasions have been announced as follows: July 27, Rev. Chester Buzzard, pastor of Newtown Methodist Church; August 3, Rev. William A. Pahl, pastor of Norris Square Methodist Church, Phila.; August 10, Rev. Fred H. Heather, Jr., pastor of Trinity Methodist Church, Phila.; August 17, Rev. E. Franklin Carwithen, pastor of Somerton Methodist Church; August 24, Rev. Dr. W. Galloway Tyson, superintendent of the West District of the Philadelphia Conference, and August 31, closing service of the Summer season with men's Bible class in charge.

With Doylestown Summer School now in the third week, principal Hollis A. Lachat today announced that examinations will be given Friday, July 25, when 131 pupils will take tests.

With the assistance of Mrs. William Keller, of near Bedminster, who is a member of the office clerical force, Mr.

Grangers at Plumsteadville Conduct Interesting Panel Discussion

ALSO MUSIC NUMBERS

PLUMSTEADVILLE, July 17—"How can the home prepare children for better citizenship?" was the subject of a panel discussion which took place at the session of Plumsteadville Grange on Friday evening.

Taking part in the discussion were Mrs. Raymond Steele, Miss Violet Gruver, Mrs. Stanley Bergstrom, Raymond Gross, and Hobart Myers, Sr., with Howard M. Myers in charge. The group brought out the point that the democratic way of life is the best. Attention was called to the right of free worship, thought and speech which exists in this country.

Clubs, especially for the young people, it was said, will lead to good citizenship, and the influence of the parents goes far toward directing the young people in good citizenship.

At the conclusion of a very brief business session the following program was presented: singing, "Smile, Smile, Smile"; reading, "Finding Fault"; Theodore Groff; music, young people; and singing, "No Time Like the Present."

About 15 persons attended the meeting of the juvenile Grange, members of which presented the following program: singing, exercise, "We Love Our Flag"; readings, "Our Duty to Our Flag," Betty High, and "The Stars and Stripes," Janice Myers and singing.

The next meeting of the Plumsteadville Grange will be held on July 25th.

Members of the juvenile Grange will present the following program: singing, reading, Fred Funk, Jr.; roll call, "Where I would like to visit this Summer and why," readings, Doris High and Anna Bergstrom, and singing.

J. C. Schmidt, Jr., Named Zone Transportation Chief

Announcement is made by Anthony Russo, lower area chief, Bucks County Council of Defense, that he has appointed Jacob C. Schmidt, Jr., as transportation chief of Zone No. 2.

Zone No. 2 includes Bristol and Tullytown boroughs, and Bristol and Bensalem Townships.

The duty of Mr. Schmidt will be to organize district chiefs to care for transportation for the local defense council.

SUIT ENTERED RESULT OF TWO-CAR COLLISION

William Schmooch, Jr., Asks Damages Amounting To \$272.25

ONE DIVORCE CASE

DOYLESTOWN, July 17—Two suits, one growing out of a two-car collision and the other one in which a Bristol man is suing for divorce, have been begun in the Court of Common Pleas here.

Claiming damages amounting to \$272.25, William Schmooch, Jr., Furlong, has named Albert Newman, Buckingham Valley, the defendant in an action in trespass.

According to the statement of claim in the office of Prothonotary Ezra Miller, the plaintiff, was operating his car on the highway between Furlong and Rushland and the defendant was driving a car on the road between Forest Grove and Furlong October 29, 1940, when they collided at the Furlong-Rushland intersection. The suit involves a garage bill for repairs.

Charging his wife, Mary Marsaglia, with desertion, Filomeno Marsaglia has named her the respondent in the libel in divorce. According to the libel in divorce, they were married in St. Ann's Catholic Church in Bristol October 28, 1923.

The libellant's present address is 3 Lincoln avenue, and the respondent lives at 1102 Wood street, both of Bristol.

The libellant alleges that his wife deserted him in their home in Bristol November 17, 1940.

Seek Order Approving Grade Crossing, Industrial Track

An application is to be made to the Pennsylvania Public Utility Commission by the Pennsylvania Railroad Company and Fleetwings, Inc., for orders approving the construction of a crossing at grade where an industrial track is proposed to serve the new Fleetwings plant in Bristol Township.

The public hearing on the application is scheduled for July 30th at 10 a. m. in room 495, City Hall, Philadelphia. Applications will include a preliminary order and a permanent order, approving such construction, where the proposed track will cross Beaver Dam Road.

APPENDIX REMOVED

HULMEVILLE LOSES LAND MARK AS OLD OAK FALLS

Believed To Be Nearly 200 Years Old; Crashes Wall at Pitzonka Property

NARROWLY MISSES CAR

HULMEVILLE, July 17—A Hulmeville land-mark is gone! The weight of years yesterday afternoon crashed to earth an ancient red oak tree, at the corner of Neshaminy and Green streets, at the property of Gustave Pitzonka.

The large tree, nearly five feet in diameter, is believed to be nearly 200 years old.

When it crashed without warning yesterday, narrowly missing an automobile which had just been halted by the driver on Green street, the trunk was sheared off at the roots, all roots remaining in the ground. Not only was a rotting condition shown at the roots, but also in the ends of some of the limbs which during recent years had been sawed off. Otherwise, the tree which was full of leaves and acorns, appeared in a healthy condition.

The tree which stood just within a stone wall on the Pitzonka property, crashed through a concrete wall, three feet high, and fell across Green street. Had it fallen in the opposite direction, the Pitzonka residence would have been seriously damaged, it is believed, so great was the oak's weight.

A large hole was torn in the wall, and the sidewalk, curb and gutter cracked. In a section of the wall on either side, large cracks also appeared.

Joseph Zuvick, Newportville, had just passed by the tree, stopping his machine about 29 feet beyond on Green street, and William Mucklow alighted from the car to enter his home. Each day, states Mucklow, the Zuvick car is halted at a point where the tree crashed, but yesterday they drove a few feet beyond. When the tree came down with a resounding crash, just after they passed beneath it, they marvelled at their narrow escape.

The story about the planting of this ancient tree, which has come down through the years, is interesting. It is to the effect that two children planted oak trees at the same time, a pin-oak on the Mucklow place (known for many years as the Praul property), and a red oak on what is now the Pitzonka property, and occupied for many years by the Tilton family. Miss Joannette Harrison, who has for many years made her home in Hulmeville, states that when her father, the late Samuel H. Harrison, was a child, the tree which crashed yesterday was then a large tree. The late Mr. Harrison was born in 1820. According to Miss Harrison, when she was a child, she, too had been told that the red oak was planted many years before by a girl named Susan Stanbridge, at the same time that a little neighbor boy planted a pin-oak opposite, on what is now the Mucklow property. The pin-oak has been gone for a number of years.

During the past week, members of William Penn Fire Company were forced twice to tighten the wires for their fire siren, which wires were attached to this tree. Evidently the tree was gradually leaning as it weakened at the roots.

When it fell, a squab in a nest in the end of one of the sawed-off limbs, was killed, and another was unharmed. Last evening the two adult pigeons flew about, evidently wondering what had happened to their home.

Firemen and borough officials sawed off a portion of the tree yesterday, to permit passage through Green street. The large trunk, which covers a portion of the street, is yet to be removed.

"No Fundamental Change" In Japan's Foreign Policy

Tokyo, July 17—The official Japanese news agency Domei announced today that no fundamental change in either domestic or foreign policies will result from resignation of the cabinet of Premier Konoye.

This declaration came as Konoye conferred again with Emperor Hirohito and political consultations among government leaders continued without a halt.

Rioting Mob at Bendix Defies Police

Bendix, N. J., July 17—A rioting mob at the gates of the Air Associates, Inc., plant today defied efforts of police to disperse it with tear gas and even when police fired live bullets over their heads, the crowd of 2,000 men and women stuck doggedly to their assignment of keeping workers out of the plant. Several men were injured in clashes and workers' automobiles were showered with rocks as the day shift reported at the plant.

800 Capsules Ready To Be Drawn Tonight

Washington, July 17—Eight hundred little salmon colored capsules held the center of the stage today as the nation prepared for its second peace time draft lottery which will inform the country's newest crop of manhood tonight when they will begin a year's service with Uncle Sam.

The capsules contain the serial numbers which high government executives, Army and Navy commanders, Congressmen and even draftees themselves will start drawing from the famous gold fish bowl at seven p. m. e. s. t.

They will classify in order the 750,000 youths who have reached the age of 21 since the first drawing last October 29th. The lottery, to be held in the Departmental Auditorium, will be a miniature duplication of the original event when more than 16,000, 000 registrants between the ages of 21 and 36 were assigned their sequence numbers for induction into the Army.

Tonight's drawing will be completed in about two hours.

MRS. WM. R. WINK DIES AT BRISTOL TWP. HOME

Was Member of Emilie Methodist Church for 60 Years; Ill for Seven Years

FUNERAL ON SUNDAY

Mrs. Elizabeth R. Wink, wife of William Henry Wink, died at her home on Mill Creek Road, Bristol Township, yesterday afternoon, at the age of 84 years.

Mrs. Wink, who was born in Battle Creek, Mich., the oldest child of William and Agnes Robertson, had long been a resident of Bristol Township. A member of Emilie Methodist Church for the past 60 years, she had taught during her life-time a period of 40 years in the Sunday School there. She was a member of the Ladies' Aid Society, and during her active years she served for eight years as president of the organization. She was also affiliated with Fallsington Woman's Christian Temperance Union.

The late Mrs. Wink had been ill for seven years.

Surviving her, in addition to her husband, are a daughter, Mrs. George Hibbs, and a son, Willis Wink, of Bristol R. D.; also three grandchildren, Raymond Hibbs, Bristol; Miss Gladys Wink and Wilson Hibbs, Bristol R. D. Two great grandchildren also survive. Another son of Mrs. Wink, Raymond Wink, died a number of years ago.

The Rev. Samuel Gaskell, pastor of Emilie Methodist Church, and a former pastor, the Rev. O. J. Randall, will conduct the funeral service on Sunday afternoon at 2:30 o'clock in Emilie Methodist Church. Burial will be in Emilie graveyard, with Harold H. Haefner, funeral director, in charge. Friends are invited to call at the late home of the deceased on Saturday evening.

BLOOD DONORS OPEN A DRIVE FOR FUNDS TO BUY INHALATOR

Need Is Impressed on Squad Members When Forced To Borrow Equipment

APPEAL TO RESIDENTS

Request Liberal Response So Needed Items Might Be Purchased

A drive for funds for the purchase of an inhalator, resuscitator, and other equipment to be used in the saving of lives, is to be opened tomorrow by members of the Bristol Blood Donors' Emergency Squad.

The squad members, headed by Earl Jeffries, president, hope that by the end of the drive, July 28th, they will receive from residents of Bristol sufficient funds to purchase the much-needed equipment.

The campaign is being conducted by mail, the blood donors preparing to send to each house in Bristol a letter telling of the need for equipment, and desire for financial aid. Accompanying the letters are envelopes in which donations can be mailed to the Squad, which has headquarters at the station of Bristol Municipal Fire Company.

There will be on display during the campaign, in the window of Profy's Radio Shop, 211 Mill street, an inhalator, so that all might see what a portion of the money will buy.

In the letter, by which the appeal for funds is made, the squad members tell of being called upon recently to search for the body of a boy, who had apparently drowned in the Delaware River. Soon realizing that should the body be located only a resuscitator or inhalator might possibly restore breathing, they were forced to borrow equipment. When darkness descended they again called upon an organization in a neighboring town for portable lighting equipment, so the search might continue.

It is for such calls for aid that the squad members are asking for equipment, and are requesting all residents to give as liberally as possible. Should anyone not receive a request by mail, the blood donors state they will be glad to receive money at the fire station.

Youths' Temperance Council Names James Fry President

The Bristol Youths' Temperance Council met at the home of Mrs. Raymond Beswick, Jackson street, last evening, with William Fry presiding. Miss Frances Tomlinson gave the devotions reading from Psalm 24, followed by the Lord's Prayer.

After routine business, election of officers took place, with the following chosen: President, James Fry; vice-president, Dorothy Worthington; secretary, Frances Tomlinson; treasurer, William Fry. The new president appointed directors for the following committees: Social, Margaret Brownlee and Dorothy Worthington; publicity and medal contest, Betty Beswick; alcohol education and L. T. L. work, William Fry; citizenship, Howard Hellings; evangelistic, James Fry; Beacon (Y. T. C. state publication), Frances Tomlinson; study course, Mrs. Raymond Beswick.

Plans are being made for a covered dish social to which all the Youths' Temperance Councils of Bucks County will be invited. This is an annual affair at which time the Y. T. C. encampment delegates give a report of their stay at the state convention.

Following the business meeting, refreshments were served, and a social time enjoyed.

Lost at Zoo, St. Francis Student Has Grand Visit

EDDINGTON, July 17—"Bobby" Martin, 13, a student at St. Francis Industrial School, here, had a better time than the other students when on Tuesday the group visited the Philadelphia zoo. "Bobby," on this his first visit to the zoo, strayed from the group, so great was his interest in the lions, the elephants and the monkeys; and, lost from the crowd, he stayed longer than any of the local lads.

He wandered about the zoo until closing time, and at midnight Tuesday was found at 25th street and Lehigh avenue, endeavoring to find his way back to the school.

He was cared for by Philadelphia police overnight, and brought to Edgington yesterday morning.

Thiamine Is Essential To Good Health

Pork Is Excellent Source Of Vitamins Needed For Growth

Pork has recently won new prestige. In the opinion of nutrition experts. It has long been a favorite meat on American tables because of its fine flavor and its satisfying "staying" quality. Now scientific research has shown that there is a good reason why it should be included freely in the diet.

Pork is an excellent source of thiamine, called Vitamin B1, a member of that important vitamin B group. Thiamine stimulates the appetite. It is needed for growth. It promotes the health of body cells. It aids in the utilization of other foods, notably carbohydrates. Riboflavin, or vitamin B2, is also contributed by pork. A deficiency in these food elements results in loss of appetite, a feeling of weakness, a general loss of "pep."

Since these vitamins are not stored in the body, the daily diet should include an adequate supply if one's health is to be up to par.

Pork chops and pork steaks are among the most popular cuts, for they are easily prepared. Although they are tender, they are more successfully cooked by braising than by broiling. Slow cooking in moist heat is desirable to bring out the full rich flavor of the pork, which should always be cooked to the well-done stage.

Pork chops cut from the rib section, loin chops and steaks cut from the shoulder are all cooked in the same way. Rib chops may be cut so that each contains a rib, or they may be thinner so that there is one boneless chop between each one containing a rib.

Pork chops and steak are excellent for cooking with other foods. A delicious blend of flavors is thus obtained. Besides, this is a very convenient way of cooking the main part of a meal.

Two substantial and tasty pork chop dishes are suggested by Inez S. Willson, home economist.

One-Dish Pork Chop Meal

6 pork chops
1 tablespoon lard
Salt and pepper
4 cups cooked wide noodles
1 can tomato soup
½ cup water
2 tablespoons grated onion

Brown chops in lard until golden brown. Season with salt and pepper. Place the cooked noodles in a casserole. Dilute tomato soup with water and pour over the noodles. Season with salt and pepper. Place the chops over the noodles. Cover the casserole and bake in a moderate oven (350 degrees F.) for one and one-half hours.

Pork Chop Favorites

4 pork chops
2 tablespoons lard
1 cup cracker crumbs
1 medium onion
1 hard-cooked egg
½ teaspoon salt
1½ cups milk

Have chops cut 1 inch thick. Brown them in hot lard. Combine cracker

crumbs with grated onion, chopped egg, salt, and one-half cup milk. Arrange a mound of dressing on top of each chop and place in a baking dish. Pour remaining milk over the chops and cover. Cook in a moderate oven (350 degrees F.) for two hours, uncovering the dish during the last 30 minutes.

Hot Meals In The Open

The picnic lunch is always much better if at least one dish is hot. However, one needs a boy scout, an experienced camper, or a few advance "tips" before attempting to cook over the outdoor fire. Don't try to fry anything over a blaze. Let the fire sink to glowing embers and then get to work. Remember the Indian saying "much fire, heap smoke; little fire, heap heat."

Here are two simple outdoor hot dishes that should prove easy:

Campfire Scramble

1 pound pork sausage links
½ cup sliced onions
2 cups diced raw potatoes
6 eggs
1 teaspoon salt
½ teaspoon pepper
2 cups tomatoes

Fry sausage, remove it from pan. Fry onions and potatoes until brown. Beat eggs and add salt, pepper and tomatoes. Pour into pan with potatoes and onion. Add sausages and cook until eggs are set.

Frankfurters with Sweet Potatoes and Apples—Camp Style

2½ cups steamed sweet potatoes
1½ cups thinly sliced tart apples
½ cup brown sugar
3 tablespoons butter
¾ teaspoon salt

Combine potatoes and apples with sugar, butter and salt, and place in baking pan. Lay frankfurters on top of potatoes and apples. Cover pan and bake 20 minutes in hot coals.

ORANGE FOOL

6 oranges
3 eggs
2 cups cream
Sugar
Nutmeg
Cinnamon

Squeeze and strain the juice from the oranges. Beat the eggs and add to them the cream and the orange juice. Sweeten to taste. Add a sprinkle of

Lindbergh Asks For Apology From Ickes

Huntington, N. Y., July 17—Colonel Lindbergh today made formal protest to President Roosevelt because of attacks upon him by Secretary of the Interior Ickes and asked an apology from that cabinet member.

Secretary Ickes had charged in an address that Lindbergh was a mouthpiece of the Nazi party line in this country and repeatedly characterized Lindbergh as "This knight of the German Eagle."

New Hope District Receives Payment of \$247.50

Marionburg, July 17—Auditor General Ross today authorized payments totaling \$247.50 to 39 school districts in 26 counties of the State for vocational education in national defense and other school subsidies. The New Hope District, Bucks county, will receive \$247.50 for support of public schools.

Heavy Fighting in Pskov, Porkhov Sector

Moscow, July 17—Heavy fighting during the night in the region of Pskov

and Porkhov on the northern sector of the Russo-German battle front was announced by the Soviet high command today.

"There were no important developments on other fronts," the new war communiqué stated.

A previous Russian war bulletin revealed a serious threat to Russian defenses on the central front by admitting German legions have approached the region of Smolensk.

COUPONS EQUAL DOLLARS

In connection with a bit of co-operative advertising by the Colgate-Palmolive-Peet Co. and local markets, R. E.

Hailey, local representative of the company, says thrifty folks everywhere are turning coupons into dollars. An easy way to raise money for churches, and clubs.

Thousands of homes, rich and poor, in every section of the country, save coupons from soap and other grocery commodities. These coupons are used

to obtain premiums—household articles, useful gifts, and a great variety of things for young and old. Any organized group, wishing to have full details of this simple, effective money-raising plan, is invited by Mr. Hailey to write to Premium Department, Church Plan Division, Jersey City.

NOW A 5-DAY WEEK FOR A&P EMPLOYEES THROUGHOUT THE NATION

Stores Will Be Open Six Days A Week As Usual But No Employee Will Work More Than Five Days

Two months ago this company tried the experiment in a few eastern states of a five-day work week for our retail store employees. Now we are able to announce that we have adopted the five-day week as our national policy.

• This, we believe, constitutes the first five-day week and the shortest general working hours of any major retail food establishment.

• This shorter work week will be in effect before Labor Day in A&P food stores in thousands of communities throughout the country. It will be extended as far and as fast as possible. Frankly, however, we must recognize that in a few states and a number of cities the introduction of this policy may be delayed or even prevented by state or local labor regulations or local agreements.

• A&P food store employees affected by this policy will work only five days a week although stores will be open six days a week as usual. Their weekly salaries will not be reduced by their shorter work week. Our policy is to continually improve working conditions and salaries as evidenced by the fact that during the past year alone we have been able to make actual wage increases and to pay added compensation to our employees in an amount totaling more than \$4,000,000.

• Many people are utterly astounded at the new low prices for quality foods in A&P Super Markets. They are getting so much more and better food for the same money that they wonder how we can do it. Frankly, it is simply because A&P Super Markets represent a new, more efficient, more economical way of distributing food to the public.

• This new, shorter week is still further evidence that the tremendous savings you can now make in buying groceries, meats and fresh fruits and vegetables in the new A&P Super Markets are made possible by savings through efficiency and that no part of these savings comes out of the wages of our employees.

FOR many years it has been a source of pride to us that we have been able generally to maintain the highest average wage scale and the shortest general working hours in a field where long hours have been traditional. Since we first cut the work week eight hours in 1916, there has been a long record of further reduction in hours, increases in wages and vacation schedules.

Because our new low prices have resulted in increased patronage, we have been able to further reduce our operating expenses and increase our efficiency and still further improve the working conditions of our employees.

At the same time thousands of families will testify that they buy their foods today at lower average prices in A&P Super Markets than in any group of stores in the highly competitive retail food field. Today, when you spend a dollar in one of our stores, more of that dollar actually purchases food and less of it goes to cover distribution costs and profits than ever before in the history of the food business.

There is no conflict between low prices and good working conditions. We have achieved both by constantly improving methods of bringing food from producer to consumer, cutting

out waste and unnecessary handling operations along the distribution route.

The new A&P Super Markets have made possible savings so astounding that we would not have believed them possible five years ago. This year we are paying the highest wages for the shortest work week in the history of the food business and yet our customers throughout the country will save more than \$50,000,000 on the food they buy as compared to the lowest prices we could charge on the basis of our own operating expense only five years ago.

We are more than ever conscious, in these unusual times, of an obligation to make every possible contribution to the American standard of living. We know that we are making it possible for the average family to buy more good food for the same money, or to buy the same quantity of food for less money.

We are happy to tell you that you can enjoy these savings with the knowledge that the people who serve you in our retail stores are sharing more than ever before in these good things. This means a better standard of living for you and for those who serve you.

This plan will necessitate slight adjustments in store hours which will be announced locally. We respectfully ask our customers for their cooperation and assistance in making this new schedule a success.

In view of this important announcement, there will not be a merchandise price ad this week-end, and as usual, our low prices will prevail.

Nature Club Members Told Of "Ferns and Wild Flowers"

DOYLESTOWN, July 17.—"Ferns and Wild Flowers" was the subject given consideration when members of Doylestown Nature Club were guests at the home of Mrs. F. Cyrus Twining, Maple avenue, on Monday.

Mrs. George Watson, chairman, showed a collection of garden wild flowers, which she stated many consider weeds. She mentioned the medicinal value of many of them.

Mrs. William F. Taylor read the state trespass law relating to wild flowers. Miss Mary Berger read a poem, "To the Dandelion." Mrs. John Wood read a brief history of Arbor Day, having first been observed in Nebraska in 1872, and in Penna. in 1895.

Miss Anna K. Bewley read a paper on the "Trails of Bowman's Hill Preserve." Miss Bewley had on display a large number of ferns which she had gathered from Mrs. E. P. Thebaud's wood in Forest Grove. All ferns and wild flowers were given their true and common names and their habitat described.

In the business session, Mrs. Florence B. King, chairman of the Flowers for the Flowerless in Phila., reported 214 pairs of flowers were sent in the month of June.

Miss Gladys Hayman reported the 13 garden spots of the Juniors were flourishing.

Mrs. Irvin M. James presented the names of two new members, Mrs. Charles Weddle and Mrs. Leutrell Briggs, of Doylestown.

A poem, written for the Nature Club by Joseph J. Lattimer, was read by Miss E. Gladys Hayman.

ON THE SCREENS

GRAND THEATRE

The management of the Grand Theatre has announced that the new Bette Davis picture, "The Great Lie," will open there today. Miss Davis is co-starring with George Brent in "The Great Lie," with Edmund Gendling directing. This is the same brilliantly successful trio who gave us such pictures as "The Old Maid" and "Dark Victory."

"The Great Lie" is an appealing modern love story centering about the eternal triangle, two women and a man. There was Maggie (Bette Davis), a natural, wholesome girl, very much in love with her childhood sweetheart Peter, but worried about his continual drinking.

The unexpectedness of the turn of events take from this point onward, make "The Great Lie" one of the most thrilling love stories the screen has ever told.

BRISTOL THEATRE

The pulsating tempo of the Samba ushered in another 20th Century-Fox hit "That Night in Rio," at the Bristol Theatre last night. There were doubts whether the studio could repeat the success of "Down Argentine Way," but as this latest musical extravaganza was unveiled, all doubts were dispelled. It's even greater!

Catchy tunes by Mack Gordon and Harry Warren, exciting dances by Carmen Miranda, clever characterizations by Don Ameche, and the alluring appeal of Alice Faye in a daringly

amusing story, make one of the season's best entertainment bets.

RITZ THEATRE

Some day, perhaps, the records will call him "Johnny Downs, Inventor." Right now, however, the young star is too busy making a name for himself in Hollywood as a dramatic actor to bother too greatly with his mechanical bent, although he has already perfected and patented several inventions. As a youngster, Downs invented comic toy gadgets—for use in "Our Gang" comedies.

Downs, currently featured at the Ritz Theatre in "Adam Had Four Sons."

"Mr. District Attorney" is also shown.

The women responded to roll call by telling what they consider to be their husbands' hardest jobs and how they would do them. Various jobs, including sharpening scythes, taking care of the cow stables and harvesting the grain, were mentioned, but very few of the women offered suggestions as to how they would do the work.

Charles Stover discussed the question, "How may our traffic problems be handled to advantage?" In part he said: "Probably the reason we have so many traffic problems is because traf-

fic safety costs money. It requires the co-operation of the citizens and the officials, and both must have a sincere desire for the safety of their fellow man."

YARDLEY

Mrs. Leroy Skelton, Trenton, N. J., entertained a number of her friends at the home of her son and daughter-in-law, Mr. and Mrs. Alfred W. Skelton, in River Mawr.

THREE DRIVERS ARE GIVEN ODDS TO SET NEW SPEED RECORDS

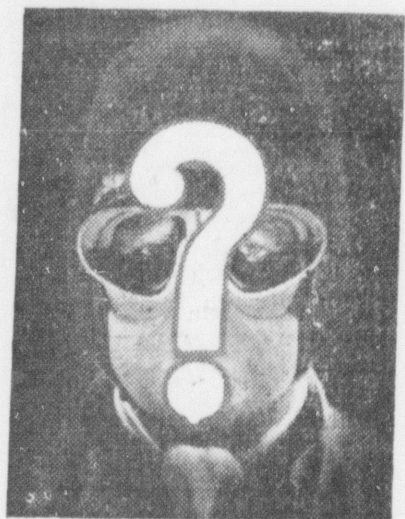

Final Session of Qualifying Races Are to be Held Saturday P. M.

20 CARS TO COMPETE

Bill France, Lloyd Seay and Roy Hall Make Up the Three-Car Team

Three of the most capable drivers ever to race stock cars are given odds to establish new speed records for standard automobiles Saturday afternoon at Langhorne Speedway in the final session of qualifying races for the 200 Mile International Stock Car race to be run Sunday.

Bill France, Lloyd Seay and Roy Hall were enroute here from Atlanta, Georgia, wiring ahead their boast that "we'll show last Sunday's qualifiers

A photographer somewhere perhaps knows the identity of the person above who submitted the mysterious portrait, with features hidden, to Langhorne Speedway offices after telephoning an entry for the 200 Mile International Championship Stock Car race next Sunday. The caller said he was the "Masked Rider" and refused to reveal his identity unless he won the race.

the quickest laps they've ever seen at Langhorne."

And if anyone can top the terrific pace of some 75 miles per hour around the tricky Langhorne curves, it's the three-car team representing an Atlanta owner, Raymond Parks. Seay won the opening Eastern stock car race at Allentown, went south to cop honors at Daytona Beach, Florida, and swept through the fields in North and South Carolina. France challenges Seay's existing title as stock car race champion. For France last year held the laurels and insisted "Seay has to beat me at Langhorne—even though he's a teammate—before I tip my hat to him."

Twenty cars will be qualified Saturday afternoon to complete the field of 40 starters. The public is invited to thrill to the heat races which, like last Sunday, will be a preview of the thrills in store Sunday.

Here are the 20 that qualified last Sunday:

Jimmy Stonebraker, Hyattsville, Md., 1940 Buick; Roy Shelhamer, Bethlehem, Pa., 1940 Buick; Fred Dagavar, New York City, 1939 Graham; Irvin Fluge, Staten Island, 1939 Ford; William Strauss, Hellertown, Pa., 1940 Buick; Curley Lonsford, Winston-Salem, N. C., 1941 Mercury; Walt Keiper, Trenton, N. J., 1939 Ford; Bill Blair, High Point, N. C., 1939 Ford; Ted Nyquist, Reading, Pa., 1941 Oldsmobile; B. Mason Yates, Arlington, Va., 1939 Ford; Joe Barzda, New Brunswick, N. J., 1939 Buick; Harold Brohoff, Pottsville, Pa., 1940 Buick; Jimmy Fearick, Brooklyn, N. Y., 1941 Oldsmobile; Larry Bloomer, Collegeville, Pa., 1939 LaSalle; Felix Wilkes, Ringville, N. J., 1941 Buick; Jim Ryan, Pottstown, Pa., 1941 Graham; Jack McCaskill, Brooklyn, N. R. & H. DOWNS AUTO BOYS IN A 3 TO 1 TILT

In a well-played game on Leedom's field, the Rohm & Haas nine downed the Auto Boys 3-1, in a tilt which saw Frank Kryven outpitch "Loggie" Bragg. It was the third win of the second half for the chemical workers.

Both teams played good and had ball in spots. The Maple Beach aggregation nailed Bragg for five hits while the Auto Boys outfit managed to get to Kryven for a quartet of safe blows. Kryven, outthrew, was the most proficient in the pinches and struck out ten batters while Bragg set down seven on strikes.

Kryven also exhibited better control than Bragg, failing to give up a pass. Bragg was a little generous with his passes and on five occasions flayed that fourth ball across the platter. Bragg also hit a batter with a pitched ball.

The chemical workers put the tilt away early by counting a pair of markers in the second inning on a pass to F. Oppman, a single by Vanzant, an infield out and an error by Heftman. Their second counter came as the result of a pass to W. Oppman, an error, and a single to center by Joe Roe.

The losers' only marker was shoved across in the fifth. Cahall reached base on Kryven's error and advanced

on an error by Gallagher, "Jock" McCue sent him over with a hit to left.

DIAMONDS TAKE A COMMANDING LEAD, SUBURBAN LEAGUE

Capture Close Win Over Odd Fellows by Score of 6 to 5

"BLITZ" IN THE SIXTH

Sacks Are Loaded Following A Bunt With Bat in Hands of Russo

Joe Diamanti's Diamond team took a commanding lead in the Bristol Suburban League by pounding out a close 6-5 win over the Odd Fellows last evening on Landreth's field.

The Diamond club turned the trick by counting two markers in a little "blitz" in the sixth frame. Harker was given a pass. Fletcher bunted but Sullivan errors and both runners were safe. Russo bunted and when Sullivan threw too late to third, the sacks were loaded. Harker crossed the plate when O'Donnell lifted a fly to Jones. Fletcher tried to make third on the play and was nailed. Russo came home on Clay's double to left.

The winners were outbait by the Odd Fellows, 6-4. Eddie Sullivan struck out ten batters for the Oddies but the Diamond bunting attack caused his downfall. Gene Ashton started on the hill for the Diamond team and gave way to "Lefty" Keegan in the fourth inning.

The Odd Fellows had taken a short lead in the fifth when Keegan went wild and passed Hibbe, Sullivan and Pfaffenrath to load the bags. Vandegrift singled two home with his drive to left field. Vandegrift tried to make second on the play and was put out.

The Radcliffe street clan had driven Ashton from the mound with a three-run outburst in the fourth. Pfaffenrath was given a pass and went to third on a hit by Vandegrift. Kohler walked to fill the bags. Keegan had relieved Ashton. Jones was thrown out by Stallone and Andy came home. Bilger's hit scored Vandegrift while Kohler denied the plate after Morrell's fly to Yeager.

The Diamond team had registered a run in the third on a single by Frankie Balaz and a double by Ashton.

Norman Vandegrift and Wes Bilger with two out of three each led the batters of the game.

PLAN SEARCH FOR GOLD

SACRAMENTO, Cal.—(INS)—Gold tests will soon be made on the Hoopa Valley Indian Reservation by the Lob-casa Company of Sacramento, Owen M. Bogess of the U. S. Indian Agency announced. Preliminary examinations along the Trinity River in Humboldt County where the reservation is located have disclosed the presence of large quantities of gold-bearing gravel. Crome has also been found. The company plans to use a dragline dredge capable of moving 3,500 yards of pay-dirt a day.
